

Citbyte Earnings Guide

Introduction

Good news for anyone looking to grow their money, from 1,000 to 100,000 Naira, without stress. Discover a simple way to increase your funds automatically through Citbyte.

Key Conditions to Follow

Before starting, please ensure you meet these seven requirements:

1. Connectivity: Smartphone or laptop with a steady internet connection.
2. Identification: An active phone number and a valid email address.
3. Activity: Log in and stay active for at least one minute every day for 50 days.
4. Partnership: Have a partner as a downline, or pay a service charge of 49% if you don't have one.
5. KYC: Complete your KYC verification before you can withdraw to your local bank account.
6. Processing Fees: All withdrawals attract processing fees.
7. Withdrawal Charge: The standard withdrawal charge is 30%.

Five Steps to Start Earning

1. Register: Visit www.citbyte.com and complete your registration.
2. Add Funds: Log in and click on 'Add Funds' to deposit the amount you want to double.
3. Activate: Click on 'Mine CB' to activate your deposit. Ensure you visit this page daily to receive your CB numbers.
4. Recharge: Always recharge those numbers by clicking on 'Recharge CB'.
5. Sell & Withdraw: Once your CB balance reaches one, click 'Sell CB' to finalize earnings and withdraw your money.

| Important Conditions and Challenges

Please be aware of the following operational rules:

- * Referral Impact: If you have no referrals, a 49% charge applies to your selling CB amount.
- * Plan Charges: Activating a new 'Mine CB' plan while one is still counting results in a 7% charge per plan. It is best to let your 'Mine CB' finish the 50 days before selling.
- * Standard Fees: The main standard withdrawal charge is 30%.
- * Daily Engagement: If you activate 'Mine CB' but do not visit daily, the system pauses until you return.
- * Loans: If you have an unpaid loan, you cannot withdraw money to your local bank account.
- * KYC/NIN: You cannot submit account details for withdrawals without submitting your KYC (NIN).
- * Referral Benefits: Referring others increases your 'Mine CB' activation access.
- * Inactivity: If you do not visit your account for 30 days, your CB balance will automatically crash and be dismissed.
- * Mining Purpose: Mining CB is designed to receive digital values daily, which can be exchanged for money after selling.
- * User ID: Your User ID is your official identifier. Use it to gain partners, downlines, and improve your Citbyte member ranking.
